

# Tin-Lined Copper Tubing

## Premier Tin-Lined Copper Tubing Supplier

PJ Tube supplies corrosion resistant tin-lined copper tubing which is available in coils of standard or custom lengths. These unique tube products which are manufactured in the US, offer beneficial thermal transfer properties and are particularly useful in applications where unlined copper often corrodes.

Our tin-lined copper tubing, made from seamless CDA-122 DHP copper, is dead soft tempered for easy workability and can be manufactured with tin-coated ODs, IDs or both. Standard 50-ft. lengths, individually packaged and boxed are available for quick shipping.

Part Number	Size	Outside Diameter	Wall Thickness	Weight
J0397725003050	.250"OD X .030"W	1/4"	.030"	4 lbs
J0397731203050	.3125"OD X.032"W	5/16"	.032"	5.5 lbs
J0397737503050	.375"OD X.032"W	3/8"	.032"	6.7 lbs
J0397750003050	.500"OD X .032"W	1/2"	.032"	9.1 lbs
J0397762503050	.625"OD X.035"W	5/8"	.035"	12.6 lbs
